## **Pitch's 2020/21 Winter Programme of Virtual Cricket Talks**

The 2020/21 winter programme will include a mix of backlist and new books due out in spring 2021, with the talks taking place on Friday evenings at 7.30pm and expected to last up to 90 minutes; each will also include a question-and-answer session for attendees.

The links will be published on the day of each talk, and circulated to interested societies ahead of each event to share with members by email or on social media channels.

NB Often these arrive too late for me to circulate - I suggest you log in direct from the Pitch website

If you wish to learn more about the titles and authors, or purchase those books to read ahead of the talks, please click the links on the Pitch Website <https://www.pitchpublishing.co.uk/> for further information.
